

May Sale of Undermuslins

We are greatly pleased at the opportunity to introduce DOVE UNDERMUSLINS to the women of Barre and vicinity. We know that they will delight and please, because they are decidedly better than the average—so well made and so dainty.

The DOVE label on Undermuslins means excellent materials, substantial laces and embroideries, well finished edges—in short, superior quality and long wear.

This coming week we will have a special display of DOVE UNDERMUSLINS, which you must be sure to see. Come and admire the pretty new DOVE styles. They are priced to please your purse.

BIRTH OF AN INDUSTRY.

Nearly \$350,000 Worth of Potash Produced in 1915.

Potash salts were produced in the United States in 1915 to the value of \$342,000, according to the United States geological survey. Though this figure is of interest as showing a small beginning in the domestic potash industry, it becomes of little importance if the total needs of the country are considered, for it represents a quantity consumed in less than a week under normal conditions. The imports of refined potash salts in 1915 were 76,141 long tons, or slightly more than 25 per cent of those in 1913, the latest normal year of importation. Imports of the potash fertilizers, kainite, manure salts, and double manure salts, amounted to 20,427 long tons, or about three per cent of those in 1913. Taking all the potash salts together, the imports in 1915 were about one-tenth of those under normal conditions.

In the survey report on the subject, W. C. Phalen states that potash was recovered within the United States as a by-product from the manufacture of Portland cement at Riverside, Cal. By-product potash from this source has yielded a considerable revenue, owing to the abnormally high price for these salts, and in obtaining it two other purposes have been subserved—first, the saving of additional material to be converted into cement, and second, the elimination of the dust nuisance. At Riverside a discharge of 100 tons of dust a day over the surrounding orange groves has been prevented.

Charles Zanoni, jr., who has been passing a vacation of two weeks with his parents, Mr. and Mrs. Charles Zanoni of North Main street, returned last night to Albany, N. Y., where he is attending a business college.

Matinee and evening audiences at the Park theatre Saturday were given an unusual treat when Signor Alessandro Alberini of the Boston Opera company sang solos with accompaniments by the theatre pianist, Mrs. Blanche Badori. Acoustic properties of the picture house did not permit the singer to display his wide range to the best advantage, but the numbers, nevertheless, were greatly enjoyed. Signor Alberini has returned to his home in Boston, after passing a few days with his brother in this city.

Through The Times, Dr. W. D. Reid desires to thank the friends in Barre and vicinity who contributed to the post-card shower tendered him around Easter. All told 230 cards brought messages to Dr. Reid at the sanatorium where he is staying in Battle Creek, Mich. Barre people will be interested to learn that the doctor is making steady progress toward recovery.

Those who attended the evening service in the First Presbyterian church last evening listened to an interesting discourse on Rev. W. Sunday by the pastor, Rev. Edgar Crossland, who gave his hearers the benefit of his first-hand observation of the Sunday methods as pursued in the city of Baltimore recently. The pastor dwelt at length on the career of the evangelist before he entered the ministry, assumed characteristic poses of the famous soul saver and quoted from sermons delivered in Baltimore. Much of the address was concerned with the tangible results of Sunday campaigns in several cities. Gospel songs used by Rev. Mr. Sunday as a supplementary method in inducing sinners to "hit the trail" were rendered by the church choir.

SHORTAGE OF REFRIGERATOR CARS

Department of Agriculture Co-operates to Prevent.

The serious car shortage throughout the country is beginning to be felt by shippers and distributors of early fruits and vegetables. In the various conferences between the interstate commerce commission, railroad officials, and shippers, the latter have been represented, for the most part, by shippers of non-perishable commodities.

A southern road, confronted with an extraordinary heavy tonnage of perishable commodities, finds, at the opening of the season, nearly half its refrigerator equipment on other lines, and is unable to get the cars home. This is typical of other sections, and there is great danger that the interests of users of refrigerator cars may be sacrificed to the necessities of other shippers.

A year ago the department of agriculture in a bulletin for farmers and shippers of perishable farm products called attention to the importance of prompt loading and unloading of cars, and to the economic waste involved in a misuse of cars. As the department's marketing work progresses, the importance of this phase of transportation service becomes more apparent. In response to appeals from shippers, the department, in an effort to avoid disaster to growers, has called to the attention of the interstate commerce commission the necessity for prompt movement, release, and speedy return to producing sections of all refrigerator cars. Shippers and distributors are again urged to co-operate in every way possible toward the end of greater refrigerator car efficiency, and are reminded that their co-operation, always necessary, is more essential this year than ever before.

Donald Smith has sold Winklesdale, 2-1984, and Lady Whitecomb, 2-2454, to M. V. Clark of South Woodbury. These are probably two of the best known horses on the street of Barre and are two of the best ever owned by Mr. Smith.

Beneches were placed in city park for the summer Saturday and before the end of the present week the fountain will be relieved of its winter overcoat. At Elmwood park the benches were distributed by the park commissioners to-day.

The Pavilion theatre, which has been conducted by J. E. Hoban and J. H. Denning for several months, was closed Saturday night. Mr. Hoban is to devote his time to a retail business on Pearl street and Mr. Denning's plans are not announced.

To-night at 7:30, Prof. Henry H. Jackson will talk on "Parodies" to the men's club in the Presbyterian church. This is next to the last meeting on the winter program, and it is hoped there will be a large attendance of old and young men. Refreshments will be served. Admission free.

International labor day was generally observed by many Italian speaking people in Barre to-day, although the holiday was without its customary parade. In continental Europe much of the importance that attaches to the September labor day here in America is accorded May 1, but outside the centers where people who were accustomed to mark the occasion in Europe are gathered, there is seldom any celebration on a large scale.

Smoke backing down a fireplace in the residence of Mrs. F. H. Burke at the corner of Maple avenue and North Seminary street Sunday afternoon at 12:45 o'clock resulted in a telephone to the fire station for assistance. Firemen, responding to the call in the auto truck, went directly to the seat of the trouble by removing an obstruction in the chimney flue. Smoke caused inconsequential damage, but there was no fire loss. This forenoon at 10:20 o'clock Cliff street householders advised the fire station of a grass fire in that neighborhood. Acting Chief Carpenter sent a couple of men to the Cliff street bank with hoes and shovels and the blaze was subdued immediately.

Among the visitors in the city through the week end were the following people: Mr. and Mrs. H. A. Ballou of Boston, L. M. Munson and Miss Stetson of Morrisville, Ray Crane, Harry Mulqueen, John Crapo and H. A. Milne of Burlington, C. M. Smith of Northfield, W. C. Trombly of Isle la Motte, H. E. Metzger and A. C. Matthews of Rutland, Miss Miriam Carson of Montreal, P. Q., D. C. Kerr of Tampa Vista, Fla., Mrs. F. M. Bulkeley of Moretown, E. Payson Travis of Natick, Mass., Miss Edwards of Dowagiac, Mich., J. G. Thompson of Burlington, Mr. and Mrs. Frank M. Preston of Burlington, N. J., P. H. Ward of Franklin Falls, N. H., Miss Edie Besant of Sherbrooke, P. Q., and F. P. Rowell of Woodsville, N. H.

Pursuant to action taken at a special meeting of the city council Thursday evening, the city treasurer to-day placed on deposit in three banks the \$62,000 sinking fund that has repaid in the Quarry Savings bank for the past three years. At an interest bearing rate of 4.20 per cent the money was apportioned as follows: Quarry Savings Bank & Trust company, \$22,000; Granite Savings Bank & Trust company, \$20,000; People's National bank, \$20,000. When the city council convenes for its regular session to-night there will be sure from any discussion whatsoever, of a subject that has been under consideration for more than a month. The question of establishing a building line on the easterly side of North Main street is to be discussed after reports from the city engineer and the city attorney have been heard.
